### Features

1/4" screw  
3/8" screw

1/4"  
3/8"

With 1/4"-20 and 3/8"-16 threaded holed on the small clamp, you are able to connect.

11-37mm

Jaw opens from 11mm to 37mm.

High quality aluminum, very study.

We use the better rubber for the jaw of the super clamp.

Ergonomic rigid lockup takes just a quick twist of one control.

Usage scenario.
