## MT900 Plug-On Transmitter

### Power Supply System

1. **Battery box:** Built in 2\*AAtype metal hydride rechargeable battery or high-performance alkaline

2. **TYPE-C:** Connect to TYPE-C portable power. If the metal hydride battery is loaded, the battery can be charged

## More Details

## Specifications

<b>Frequency Range</b>	UHF500-900MHz
<b>Receiver</b>	AWM-U1
<b>Input Socket</b>	XLR
<b>Transmitter Power</b>	10mW~30mW
<b>Harmonic Radiation</b>	<-55dBc
<b>Input Mode</b>	Mic / Line
<b>Max Input</b>	MIC=130mV@1KHz / LINE=1500mV@1KHz
<b>Maximum Offset</b>	±45KHz@1KHz
<b>Phantom Power Voltage</b>	+48V
<b>Battery</b>	AA1.5V/1.2V Ni-MH battery
<b>Charging Mode</b>	Type-c DC5V@≥1000mA
<b>Size</b>	44x44x110mm
<b>Operating Temperature</b>	0-50°C
<b>Material</b>	Aluminum
