## S-056WS Water Saddle Bag

The S-056WS water bag is made of smooth, soft waterproof fabric, making it durable and ideal for outdoor photography. Featuring a saddle design, these weight bags provide stability and balance for your photography equipment. They can also be folded into a compact size, taking up minimal space.

### Specifications:

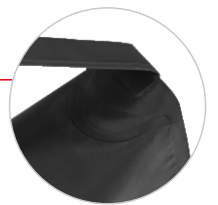

Payload	6.0kg / 13.2lb
Size	56x27cm / 22.0x10.6in
Net weight	140g / 0.4lb

Featuring a saddle design, these weight bags offer stability and balance when anchoring your photography equipment.

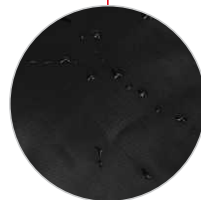

It comes with a handle for easy carrying and movement.

The joints on both sides of the bag strap incorporate hot-melt technology.

Simply dump in/out the water. Screw caps seal the bags tightly to prevent leakage.

Made of smoother and softer waterproof fabric, making it lighter and more durable.
