SHM-20

## Suction Cup

The SHM-20 suction cup mounting kit is a versatile and practical filming accessory. It comes with a robust suction cup, which provides a strong and stable hold, along with four distinct adapters. These adapters offer great flexibility, allowing you to easily attach a wide array of devices. Whether a mobile phone, an action camera for capturing exciting moments, a monitor for real-time preview, an LED video light to illuminate your scenes, or a microphone for clear audio recording, this kit has you covered.

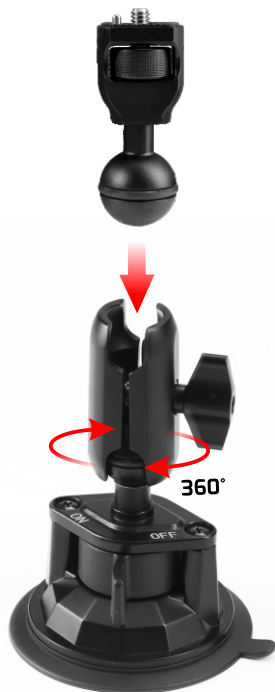

Powerful suction cup, firm hold.

Quick-acting suction cup, strong lock.
