TPS-01

Conference Teleprompter Stand

Overview

The TPS-01 is equipped with twist locks designed for 17"-19" monitors. It features adjustable height (71-197cm) and 0°-90° glass rotation, aligning perfectly with the presenter's sightline. The 60:40 beamsplitter glass ensures clear text reflection for the speaker while offering a transparent audience view. Ideal for corporate meetings, academic presentations, and static events requiring precision and ease.

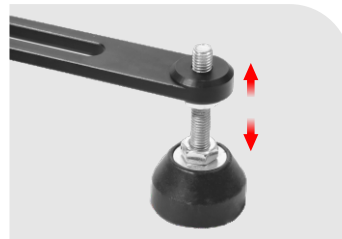

Features

3/8" -16 screw for universal mount.

0°-90° adjustable viewing angles.

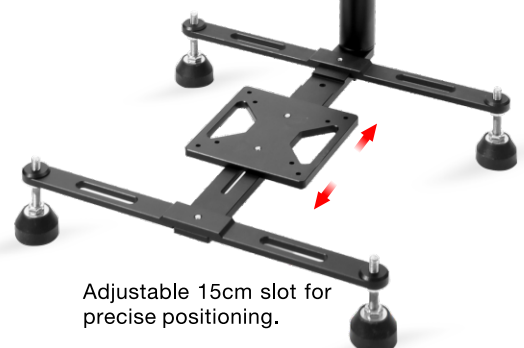

Height-adjustable feet for uneven surfaces.
